Management Development Institute of Singapore (MDIS)

Founded in 1956, the Management Development Institute of Singapore (MDIS) is Singapore's oldest not-for-profit professional institute for lifelong learning. MDIS has two main subsidiaries: Management Development Institute of Singapore Pte Ltd to oversee its Singapore academic operations, and MDIS International Pte Ltd to further its globalisation strategy.

MDIS offers well-accredited courses in Business and Management, Engineering, Fashion Design, Health and Life Sciences, Information Technology, Mass Communications, Nursing, Psychology and Travel, Tourism and Hospitality Management. These programmes are offered in collaboration with renowned universities in France, the United Kingdom and the United States of America.

MDIS is EduTrust certified, attesting to the institute's exemplary education and business excellence standards. The institute was first awarded the certification in 2010 and it was subsequently renewed for another four years in 2014. MDIS is also one of the first Private Education Institutions (PEIs) to be registered under the Enhanced Registration Framework.

MDIS is one of the leading PEIs to be ranked Top 2 among PEIs in Singapore, according to the Webometrics ranking of World Universities by Cybermetrics Lab in January 2017 (<https://www.webometrics.info/en/Asia/Singapore%20>). In 2017, MDIS was ranked 4th Place in the Enterprise 50 Award for its contributions and resilience in spurring Singapore's economy.

The institute set up the MDIS Education Trust Fund in 1999 to support deserving students who have financial difficulties in pursuing their education in Singapore. To date, MDIS has awarded more than some 7,500 scholarships and bursaries totalling nearly S\$6 million. The institute also upholds the spirit of giving by actively reaching out to help the young, elderly and disabled, supporting various charities, and providing community assistance.

MDIS' corporate training arm, the Management Development and Consultancy was set up in 1995 to cater to the training needs of the workforce. In 2014, MDIS acquired the Service Quality Centre to diversify its offerings in training solutions and secure the institute's position as a premium provider of training solutions in the region.

Apart from the main Singapore campus, MDIS has three international campuses – Tashkent, Uzbekistan; Johor, Malaysia; and Chennai, India, set up in 2008, 2013 and 2015 respectively. MDIS also has representative offices in China, India, Indonesia, Sri Lanka, and Thailand, as well as agents throughout Southeast Asia.

MDIS FACILITIES

MDIS has a history of providing training and educational services to the community and nation. The S\$35 million MDIS Campus in Stirling Road occupies a three-hectare land area and boasts of 70 well-equipped classrooms, five computer laboratories, four life sciences laboratories, four engineering laboratories and workshops, three fashion labs, a psychology laboratory, a hospitality training centre, a media hub (TV and Radio studios), as well as the MDIS Bakery and Culinary Studio. The campus also has an amphitheatre to house art performances and other events, as well as fully-equipped sports facilities such as a gymnasium and badminton courts.

The campus is Wi-Fi enabled, allowing students access to the World Wide Web anywhere on campus. In addition, MDIS enhances students' learning experience with the Blackboard Learning System and video streaming technology that allows online access to lecture notes, learning resources and recorded lessons anytime, anywhere.

MDIS has another learning centre, MDIS Dhoby Ghaut, at Orchard Road.

MDIS Residences@Stirling

The **MDIS Residences@Stirling** is the very first hostel in Singapore to be awarded the Green Mark Gold^{Plus} Award. Costing S\$80 million, the 15-storey hostel consists of 782 air-conditioned rooms, 14 suites, a lecture theatre and cafeteria. Private Education Act

Fee Protection Scheme

With the introduction of the Private Education Bill, all students' fees will be insured under the Fee Protection Scheme (FPS).

The FPS serves to protect international and local students' fees in the event that a Private Education Institution (PEI) is unable to continue operations due to insolvency and/or regulatory closure. It also protects the student if the PEI fails to pay penalties or to return fees to students arising from judgements made against it by the Singapore Courts.

MDIS Pte Ltd adopts the FPS Insurance for international and local students. The FPS Insurance offers insured students protection against the following events:

- Loss of course fees paid in advance by the insured student to MDIS Pte Ltd and not refunded, if the student cannot start or complete his/her course as a result of MDIS Pte Ltd becoming insolvent or being required by the Singapore authorities to stop operations.
- MDIS Pte Ltd fails to pay the sum awarded by Singapore Courts to the insured student, where such an award relates to a dispute between MDIS Pte Ltd and the insured student on course fees paid by the insured student to MDIS Pte Ltd.

- S\$10,000.00 benefit payable covering the insured student's accidental death or total permanent disability by accident.

MDIS Pte Ltd has appointed LONPAC Insurance Bhd and Liberty Insurance Pte Ltd to be the FPS providers for our students. The insurance coverage will be for the entire course fee and any course fees arising from an extension of the study period longer than the initially planned study period (if applicable).

Certificate of Insurance

Upon payment of the insurance premium, LONPAC Insurance Bhd/Liberty Insurance Pte Ltd will issue a Certificate of Insurance to the insured student directly via email.

Medical Insurance

MDIS Pte Ltd has in place a medical insurance scheme by Liberty Insurance Pte Ltd for all its students (except those students specifically allowed to opt out under the EduTrust certification scheme). The fee payable for the medical insurance is indicated in the fee schedule of the student contract.

This medical insurance scheme shall provide a basic annual coverage limit of not less than S\$20,000.00 per student in the B1 ward in government and restructured hospitals and up to overall maximum limit per policy year, with 24 hours coverage in Singapore and overseas (if the student is involved in school-related activities) throughout the course duration.

For more information on the Private Education Act, please log on to the following website www.cpe.gov.sg.
